

JAWAD JAMEEL

Mern Stack Developer

242 Westwood Colony, Lahore | +923190412258 | mejawad.dev@gmail.com | [GitHub](#) | [Linkedin](#)

SUMMARY

MERN Stack Developer with practical experience creating scalable and responsive web applications with MongoDB, Express.js, React.js, and Node.js. Proficient in building secure RESTful APIs with Node.js, Express.js, and NestJS, and managing MongoDB and MySQL databases. Committed to clean code, performance tuning, and user-oriented solutions

PROFESSIONAL EXPERIENCE

Software Engineer Intern, Yellow Beam Technology Jul 2025 - Dec 2025

- Created full stack applications using nextjs, react, typescript, keeping the design clean and making sure the front end integrates well with the back end.
- Built and integrated secure RESTful APIs using Node.js, Express.js and NestJS, worked with MongoDB/MySQL, and improved overall performance of the application.

Frontend Developer Intern, Delta Code Solution Dec 2024 - Feb 2025

- Developed responsive and user-friendly interfaces using HTML, CSS, and JavaScript, following modern UI/UX and clean code practices.
- Worked with team members to transform designs into working web pages while ensuring performance optimization and cross-browser compatibility.

PROJECTS

Looks shop Web-App ↗ Dec 2025 - Present

- Created a full-stack company website for service-based businesses using Next.js and TypeScript for the front-end and NestJS with Node.js for the back-end. Prioritized on the performance, SEO, architecture, and scalable and maintainable backend services.

CodeVia Web-App ↗ Nov 2025 - Dec 2025

- Created a company service website using Next.js and TypeScript that emphasizes performance, SEO, responsive design, and a clean and easy to maintain frontend architecture.

WareHub AI Fashion Designer (FYP) Jan 2025 - May 2025

- Created a fashion platform driven by AI technologies on the backend using Node.js and Express.js and on the frontend using React.js that provides users with personalized outfit recommendations based on their preferences. I integrated machine learning models that offer suggestions in real time to foster a more interactive and engaging user experience.

SKILLS

Programming Languages: JavaScript, TypeScript

Technologies / Frameworks: Node.js, Express.js, NestJS, React.js, Next.js, MongoDB, MySQL

Tools: VS Code, Postman, Git/GitHub

EDUCATION

Bachelor of Science in Software Engineering

Nov 2021 - Jun 2025

The Islamia University of Bahawalpur

LANGUAGES

English, Urdu, Panjabi
