CAREER OBJECTIVE
I'm a frontend focused MERN Stack Developer passionate about building fast, responsive, and scalable web applications. Skilled in React.js, Next.js, Node.js, Express.js, Nest.js, MongoDB, and MySQL, I craft intuitive UIs using Tailwind CSS, Shadcn UI, and Bootstrap while developing secure and efficient backends. Driven by curiosity for modern UI/UX and performance optimization, I strive to deliver clean, impactful solutions and collaborate effectively in team environments.

TECHNICAL & SOFT SKILLS
Technical Expertise
- **Expert In:** React.js, Next.js, JavaScript, Tailwind CSS, HTML5, CSS3, Responsive Web Design
- **Proficient In:** NestJS, Express.js, Node.js, RESTful APIs, MongoDB, TypeORM, Redux, Axios, React Query, Chrome DevTools, Bootstrap
- **Familiar With:** JWT Authentication, API Integration, Database Management, and Modern Front-End Architecture

Tools & Platforms: Git & GitHub, npm, VS Code, Vercel, Netlify, Postman, Canva
Soft Skills: Problem Solving, Quick Learning, Team Collaboration, Time Management, Effective Communication, Leadership

PROJECTS
Delta Code Solutions (July 2025 - July 2025)   Client | Live
A professional business website built for Delta Code Solutions, designed to promote web/app development and lead generation services. The site features a modern React-based architecture with a fully responsive UI, smooth animations, and optimized performance for all devices.
- **User-Friendly Interface:** Designed a sleek, responsive, and interactive layout to ensure a smooth browsing experience across all devices.
- **Dynamic Hero Section:** Integrated engaging CTAs ("Get Started", "Learn More") to increase user engagement and conversions.
- **Navigation & Structure:** Developed a modern navigation bar with sections for Services, Progress, Testimonials, About, and Contact.

Technologies: React.js, Tailwind CSS, JavaScript, Framer Motion, Vercel

Wear Hub (June 2025-June 2025)   Client | Live
A responsive React-based e-commerce web app with user authentication, product management, and modern UI components. Faced challenges with API handling, state updates, and authentication logic—gained hands-on experience in secure routing and dynamic front-end interactions.
- **AI Fashion Advisor:** Personalized outfit suggestions based on height, weight, gender, and skin tone
- **Smart Product Display:** Filter and browse clothing items by category, color, and price
- **User Authentication:** Secure login and registration system using NextAuth.js
- **Responsive & Modern UI:** Built with TailwindCSS and lucide-react icons for a sleek shopping experience
